ABOUT

It is a magical moment when complexity and constraints become an elegant solution that makes everything so obvious.
I design for these moments.

CAREER

Senior Product Designer & Research Lead • Verint

2022 – Present

- COMPLEX SYSTEM SAAS GLOBAL B2B
- Leading the full UX process end-to-end on complex systems: from requirements gathering through research, UX, UI (design system), developer handoff and QA
 - Conducting a wide range of research methods: usability tests, user interviews, concept testing, surveys, Pendo analytics and more
 - Integrating AI tools and methodologies into the UX and research process
 - Building and leading the research function across multiple products:
 - Initiating internal networks to gather feedback from stakeholders across US, EMEA and APAC — including CSMs, Support, Sales and QA
 - Mentoring team members and PMs on research methodologies and best practices
 - Establishing work methodologies, processes, templates and tooling (Dovetail, Pendo, Mural)
 - Creating presentations and dashboards to enable data-driven and customer-centric decision making

Senior Product Designer • Matrix Experience

2018 – 2022

- PROJECTS MULTI-PLATFORM B2B B2C
- Led the UX design process of complex projects across mobile, desktop and complex systems
 - Conducted a wide range of UX research methods: usability tests, interviews, observations, surveys, focus groups, benchmarks and more
 - Translated highly complex processes into intuitive flows, balancing user needs, business requirements and technical constraints
 - Created wireframes, prototypes and specifications; collaborated with UI designers, developers and PMs

CX Consultant & Shopper Behaviour Analyst • SEBO

2013 – 2017

- CONSULTANCY RETAIL CX BEHAVIORAL RESEARCH
- Consulted C-level executives across large organizations, delivering insights through qualitative and quantitative research (observations, interviews, surveys, behaviour encoding)
 - Analyzed large-scale sales and marketing data to understand customer behaviour and drive revenue growth
 - Found and implemented new technologies for in-store research, tailoring solutions to client needs

Head of Outreach & Content • K/Logic

2010 – 2012

- ONLINE MARKETING AGENCY SEO
- Planned and implemented online marketing strategies for B2C and B2B clients in Israel and abroad
 - Built strategic collaborations with media, PR and SEO agencies
 - Managed a team of 5 employees and freelancers

EDUCATION

- 2017 – 2020 M.B.A. • Tel Aviv University
Specialization: Big Data and Business Analytics
- 2013 UX/UI Certification • Netcraft Academy
Comprehensive UX certification program
- 2006 – 2009 B.A. Communication & Media • Sapir College
Specialization: Marketing and Business Management
